

CAPABILITIES STATEMENT

Company Bio

As a Southern California-based SBA 8(a) General Contractor, we pride ourselves on delivering high-quality, self-performed construction solutions. With bonding limits of \$7,500,000 for single jobs and \$20,000,000 in aggregate, we have successfully managed diverse projects for organizations like NAVFAC, NAVSEA, and the U.S. Army Corps of Engineers. Notably, 70% of our work is self-performed, ensuring cost efficiency, consistent results, and an unwavering dedication to safety. Our safety-first approach is central to everything we do. We rigorously adhere to OSHA and EM385 1-1 standards, ensuring the well-being of our team, our clients, and the communities we serve.

Differentiators

• Extensive DoD Contracting Expertise:

Our in-house team boasts over 100 years of combined experience managing Department of Defense construction contracts in Southern California, ensuring deep familiarity with military specifications and processes.

• Efficient Office Management:

Our dedicated office team handles certified payroll, accounting, IT, base access, and contract requirements, ensuring seamless project administration and compliance with government standards.

• Proactive Project Management:

Our Estimators and Project Managers oversee projects from inspection to completion, offering value engineering, innovative means and methods, and practical solutions that optimize efficiency and cost-effectiveness.

• Strong Field Leadership:

Our General Superintendent acts as the critical bridge between clients, field teams, and office staff, ensuring every project is executed safely, stays on schedule, and fully complies with contractual and quality standards.

• Certified Site Supervisors:

Our experienced and qualified Site Supervisors are certified as Quality Control Managers, Site Safety Health Officers, and Job Site Superintendents, reinforcing our commitment to safety, quality, and regulatory compliance on every job site.
